

Hour of Code at CS @ ILLINOIS

Hour of Code™ is a nationwide initiative by Computer Science Education Week and Code.org to introduce millions of students to one hour of computer science and computer programming. **No experience is needed!** Join CS @ ILLINOIS students, faculty, staff, and volunteers at the Thomas M. Siebel Center for Computer Science for support through the Code.org guided curriculum. Open to the public, this free event is held each December.

HOUR OF CODE

Why Computer Science?

Computer science is foundational. Every 21st-century student should have the opportunity to learn how to create technology. Computer science is changing every industry on the planet. The basics of computer science also help nurture creativity and problem-solving skills, and prepare students for any future career.

Computing is the #1 source of wages in the U.S.

There are more than 500,000 computing jobs open nation-wide. Computer science graduates enjoy the second-highest starting salary and the highest full-time employment rate (76%) within six months of graduation.

Code.org's activities feature

Minecraft,
Star Wars,
Disney's
Frozen, Angry
Birds, and
Plants vs.
Zombies.
